Overnight Ramp Closures on State Route 126 for Curb Ramp Work

VENTURA, SANTA PAULA – The California Department of Transportation (Caltrans) announced plans to close several on and off-ramps in both directions of State Route 126 (Santa Paula Freeway) this week as contractors begin to work on ADA curb ramps.

The closures are along an approximately 12-mile stretch of SR-126, between the cities of Ventura and Santa Paula.

From **Wednesday, June 20 to Friday June 22, between 9 p.m. - 6 a.m.**, the following closures will be in place:

City of Ventura:

- Eastbound Victoria Avenue on and off-ramps
- Eastbound and westbound Kimball Road on and off-ramps

City of Santa Paula:

- Eastbound and westbound Palm Avenue on and off-ramps
- Eastbound 10th Street on and off-ramps
- Hallock Drive/SR-126 intersection – At least one lane will be open in each direction.

The closures are weather permitting and subject to change.

C.A. Rasmussen Inc. of Valencia, CA is the contractor. The work is part of an \$11.8 million pavement rehabilitation project on SR-126 from U.S. 101 to Haun Creek Bridge that is scheduled to last until the spring 2019.

California drivers will see more road repaving projects on freeways and highways as a result of SB 1, the state's new transportation funding. To find transportation projects in Los Angeles and Ventura County that Caltrans and local communities are investing in with SB 1 revenue, visit rebuildingca.ca.gov/map.html.

Caltrans reminds drivers to be "Work Zone Alert" and to "Slow for the Cone Zone."
